INNOVATIVE APPROACH TO REJUVENATION

PDRN lifting facial care

What is PDRN?

PDRN - purified DNA fragments from salmon, used in cosmetology to trigger skin regeneration and tissue repair

Purpose. Triggers and supports regeneration processes.

How does it work? It acts as a “key” that starts the natural regeneration of tissues. As a result, the synthesis of collagen and hyaluronic acid increases, and the skin becomes firmer, more hydrated and more elastic.

HYDROPHILIC GEL-OIL WITH PDRN

Multifunctional cleanser for mature skin with PDRN. Cleanses thoroughly while triggering skin renewal, firmness and elasticity.

Application:
Suitable for daily use.

Skin need:
cleansing, renewal and radiance

Ingredients:
- **PDRN (50 ppm)** triggers restoration and rejuvenation;
- **Bakuchiol (1%)** natural retinol alternative, renews and smooths;
- **Astaxanthin** antioxidant, protects against oxidative stress and refines tone.

Result:
- better texture, firmness and elasticity;
- fewer visible wrinkles;
- radiant, even tone.

PDRN LIFTING FACE SERUM

A transformative face serum with PDRN that visibly lifts and renews skin, hydrates intensively and smooths the look of wrinkles.

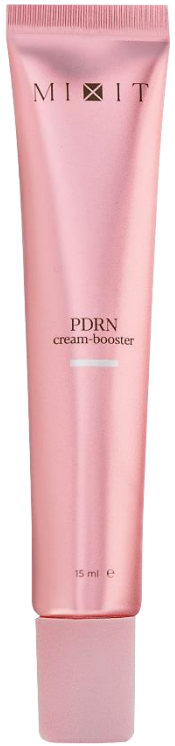

Application:
Apply with light massaging movements onto cleansed skin of the face and neck. Suitable for daily use.

Skin need:
even tone and complexion, toning, restoration, lifting and rejuvenation, moisturizing

Ingredients:
PDRN (50 ppm) activates skin recovery and rejuvenation;
Bakuchiol (1%) a natural retinol alternative, renews and smooths skin;
Astaxanthin a powerful antioxidant, protects against oxidative stress and refines tone.

Result:
- deep hydration and defined contour;
- improved density and firmness;
- reduced wrinkles, radiant tone.

PDRN LIFTING CREAM-BOOSTER

A booster cream with PDRN that supports skin recovery and a visibly lifted look. It stimulates collagen, elastin and hyaluronic acid, helping reduce wrinkles and improve density.

Application:
Apply a small amount of cream to wrinkles with light tapping motions. Suitable for daily use.

Skin need:
moisturizing, toning, lifting and rejuvenation

Ingredients:
PDRN (50 ppm) activates skin recovery and rejuvenation;
Bakuchiol (1%) a natural retinol alternative, renews and smooths skin;
Astaxanthin a powerful antioxidant, protects against oxidative stress and refines tone.

Result:
- skin recovery and lifting;
- improved density and firmness;
- reduced wrinkles, radiant tone.

CREAM-BOOSTER AND SERUM WITH SPICULES

Lifting, renewal and even tone

Not just a skincare routine — a new technology to awaken the skin, restoring its freshness, firmness and radiance.

For women aged 25–45 who want to noticeably improve their skin: reduce wrinkles, even out texture, boost firmness and freshness. Spicules are microscopic needles — mineral skeletal elements of marine or freshwater sponges — that stimulate collagen and elastin production, reduce acne and post-acne marks, and make pores less visible.

SPICULE ANTI-AGING FACE SERUM

Face serum with spicules (microneedles) delivers a visible, injection-free effect by reaching the deeper layers of the epidermis. Retinol smooths skin, evens texture and lifts the facial contour.

For whom:
For those looking for effective anti-aging facial care.

Skin need:
even tone and complexion, moisturizing, lifting and rejuvenation, toning, restoration

Ingredients:
High-intensity retinoid reduces the look of wrinkles and evens tone;
Spicules (microneedles) help actives penetrate deeper and support collagen and elastin synthesis.

Result:
- firm skin, even texture;
- lifting without injections;
- reduced wrinkles, natural radiance.

SPICULE ANTI-AGING CREAM-BOOSTER

A booster cream with spicules (microneedles) for a visible lifting effect without injections. The retinol formula targets wrinkles and evens tone and texture.

For whom:
For those looking for effective anti-aging facial care.

Skin need:
even tone and complexion, moisturizing, lifting and rejuvenation, toning, restoration

Ingredients:
High-intensity retinoid reduces the look of wrinkles and evens tone;
Spicules (microneedles) help actives penetrate deeper, support collagen and elastin.

Result:
- reduced visibility of wrinkles;
- firm, dense skin;
- even tone and natural radiance.
